CINCINNATI, Oct. 7.—With their backs to the wall, the White Sox fought desperately today and won the sixth game of the championship series in the tenth 5 to 4. Reuther, who humbled the Sox in the first game, was hammered from the box and the winning run was made off Ring, who succeeded him. Little Dickey Kerr, diminutive southpaw of the Gleason aggregation, won his second game of the series. The count in games now stand 4 to 2 in favor of the Reds.

REDS ARE WELCOMED
CINCINNATI, Oct. 7.—The rambling Reds came back to familiar ground today after a four days sojourn in alien lands, and Cincinnati turned out in a body to accord a greeting more vociferous than ever was showered upon a flock of baseball athletes.

First Inning
J. Collins up and out on a fly to Rath. E. Collins out on a line drive to Rousch. Weaver singled through short. Jackson out on a fly to Groh. No runs, one hit, no errors.

Cincinnati—Rath out on a fly to Risberg. Daubert out, Kerr to Gandil. Groh doubled to center. Rousch singled to infield and Groh was out at third. No runs, two hits, no errors.

Second Inning
Chicago—Felsch out on a long fly to Neale. Gandil out, Koph to Daubert. Risberg out on a fly to Neale. No runs, no hits, no errors.

Cincinnati—Duncan safe at first on Risberg's error of an easy grounder. Koph walked. Schalk put Kurr in the hole on Koph by calling for two pitch outs. Neale forced Duncan at third and Koph went to second. Rariden forced Neale at second. E. Collins to Risberg. Koph took third, Reuther out, Kerr to Gandil. No runs, no hits, one error.

Third Inning
Chicago—Schalk walked. Kerr out on a sacrifice, Groh to Daubert. J. Collins out on a fly to Rousch. E. Collins out on a spectacular catch by Duncan. No runs, no hits, no errors.

Cincinnati—Rath out, E. Collins to Gandil. Daubert singled to right. Groh fanned. Rousch up, Daubert stole second. Rousch was hit by a pitched ball and took first. Duncan pitched the ball in right center for two bags and Daubert and Rousch scored. Koph out on a long fly. Felsch who made a splendid running catch. Two runs, two hits, no errors.

Fourth Inning
Chicago—Weaver out on a fly to Duncan. Jackson out on a foul to Rariden. Felsch singled to center. Gandil out on a pop to Daubert. No runs, one hit, no errors.

Cincinnati—Neale tripled to right. Rariden out, E. Collins to Gandil. Reuther scored and Rath went to second on Risberg's error when Rath hit to Risberg, who threw the ball to third but hit Reuther in the back and the ball rolled close to the stands. Rath stole third. Daubert out on a fly to Jackson. Rath went out at the plate on Jackson's fast throw to Schalk. Two runs, two hits, one error.

Fifth Inning
Chicago—Risberg walked. Schalk walked. Kerr safe at first on Koph's error, filling the bases. J. Collins out on a fly to Rousch. The official scorer credited Kerr with a hit and did not charge Koph with an error. E. Collins out on a fly to Rousch and Risberg scored. Kerr was doubled

LYNNE NOT ISSUE IN MERGER FIGHT LAATSCH STATES

H. K. Laatsch, president of the Central Labor Union, in speaking of consolidation said that he had noticed a lot of activity in some quarters of late, evidently designed to discredit Representative Lynne, in the hope it would seem, of turning the Labor vote against the consolidation of Albany and Decatur as provided for by the consolidation bill.

Mr. Laatsch stated that while Mr. Lynne's stand on any legislative measure had no connection whatever with the merits of consolidation, that it was gratifying to him to see in yesterday's Daily, that Mr. Lynne had done all in his power to see that the anti-strike bill, passed under misapprehension, was made a dead letter.

"I can understand very readily," said Mr. Laatsch, "how certain designing legislators could have waited until the leaders were away, and then passed such a bill. Any one who has had only a slight knowledge of how men play each other off in such matters, will not be inclined to place the blame on Mr. Lynne. I have heard of lodge men waiting around until some one would leave the hall, and then put over some measure that they knew the absent member would oppose if he were present."

"As a matter of fact," continued Mr. Laatsch, "there is absolutely no connection between the merits of any acts of Mr. Lynne and the merits of consolidating the cities of Albany and Decatur."

Merit Will Win
"And if the old fashioned politicians hope to becloud the true issue of consolidation by bringing Mr. Lynne in as an issue, they will wake up about the morning after election to find that the people have decided the question of consolidation on its merits, and not on how Representative Lynne voted on any measure while he was in Montgomery. I think it shows the weakness of the case of the anti-consolidationists, when they seek to make Mr. Lynne's record the issue in consolidation, instead of discussing calmly the merits of consolidation. It is true, I understand, that some people have gone to the trouble to wire Montgomery as to Mr. Lynne's record and sought to make that have a bearing on the question of consolidation among the working people. Such practices are a direct insult to the intelligence of all our people. Whatever Mr. Lynne has done, he will be held personally accountable for, but to use him or his record as a kind of decoy to keep people from voting for the larger interests of the community, is an old kind of game that has been worked its last time among intelligent working people."

"To one coming into these cities a number of years ago, it was positively disgusting to hear among the merchants of either town the taunts and slings as made at each other. Now when we are about to get together, I do not think it is the part of good citizenship for any set of people to seek to hinder it, unless they can show some other reason save their own personal interests, when it is acknowledged by all that the interests of the greatest number can best be served by consolidation."

Cover For Selfishness
"I happen to be working for the Decatur Cornice and Roofing Company, and to live in Albany, but if I knew of a house in Decatur that would suit me better, I would just as leave live in that city. I am sure that all this abuse engaged in by some seeking to stir up feeling between the cities, is not felt by those engaged in it or by any one else, but is used as a cover to hide some selfish plan or scheme of private individuals who wish to have the towns serve them, instead of them serving the towns."

"I have brothers living in both Birmingham and Atlanta, and every time they see me they are teasing me about what a mess it is for towns to

have a consolidation. I am sure that all this abuse engaged in by some seeking to stir up feeling between the cities, is not felt by those engaged in it or by any one else, but is used as a cover to hide some selfish plan or scheme of private individuals who wish to have the towns serve them, instead of them serving the towns."

GEN. WOOD ORDERS TROOPS TO SHOOT IF STEEL STRIKERS BEGIN RIOTING

Martial Law Declared at Chicago, Gary and Indiana Harbor.

REGULARS ARE RUSHED TO SCENE OF TROUBLE

Senate Committee Opened Hearings at Pittsburgh This Morning

(International News Service.)
BUFFALO, Oct. 7.—One thousand steel strikers from the Lackawanna Steel company ambushed three cars of the Buffalo & Lake Erie Traction Company between Lackawanna and the Goodyear slip at 5 o'clock this morning. As a result of the fight which followed, two men were shot and scores wounded.

(International News Service.)
GARY, Oct. 7.—More than 5,000 steel workers and sympathizers were preparing here today to hold a monster mass meeting and parade late this afternoon which, according to information, will be headed by 500 discharged soldiers in uniform. If the attempt to parade is made it will be in direct defiance of orders issued by Maj. Gen. Leonard Wood in charge of the federal troops here.

(International News Service.)
CHICAGO, Oct. 7.—Gary, Indiana Harbor and east Chicago, under martial law, are quiet today, their streets patrolled by veterans of the European war, their steel mills protected by soldiers of the Fourth division with orders from Maj. Gen. Leonard Wood to shoot to kill should radical leaders of striking steel workers attempt to carry out the threat made yesterday to "drag the non-union workers from the steel mills."

Federal troops were rushed to the three cities late yesterday after municipal authorities admitted the situation beyond their control. Armed with field pieces, one-pounders capable of ten shots a minute, hand grenades, trench mortars, machine guns and rifles, about 4,000 additional troops are expected to arrive in the troubled district some time this morning from Ft. Sheridan and Omaha.

The situation in Gary assumed dangerous proportions late yesterday when strikers led by 500 men in overalls uniforms paraded the streets in defiance of orders issued by city authorities and officers of the Indiana state militia. The militia was powerless, and to avoid a clash with the 5,000 marchers was withdrawn.

The strikers shouted defiance at the city authorities and an appeal was made to the war department for federal troops. Within an hour federal troops were en route to Gary and Gen. Wood's orders were to arrest these men. "Get your man, dead or alive, if they violate the law," the order read. The arrest of all men wearing uniforms who were not a part of the armed force was also ordered.

DISPUTE CLEARING HOUSE

(International News Service.)
WASHINGTON, Oct. 7.—A government clearing house for industrial disputes will be one of the probable results of the investigation of the steel strike by a senate committee, Senator Walsh of Massachusetts, a member of the committee, declared today.

"I believe that the committee will make a conservative report," Senator Walsh said, "and that it will make suggestions for legislation that will at least attempt to prevent a repetition of any such strikes in the future."

One of the most effective means of preventing future strikes is by establishing some government organization that can hear the grievances of employees, investigate them and give

PROHIBITION BAN MAY BE LIFTED AS SOON AS PACT IS RATIFIED

(International News Service.)
WASHINGTON, Oct. 7.—War time prohibition will be lifted before the end of the year. Definite assurances of this were offered this afternoon by Senator Penrose, of Pennsylvania, member of the senate finance committee, with other republican leaders in charge of the senate's executive program.

NAME SUCCESSOR TO E. D. SMITH AT AN EARLY DATE

Questionnaires are being mailed to each member of the state Democratic executive committee asking for their desires in connection with the election of a successor to E. D. Smith as national committeeman, for which office A. G. Patterson, of Albany, is a candidate. Chairman W. D. Nesbitt puts up to the members of the committee the alternative of a special meeting for the purpose of electing a successor to Mr. Smith or an election by mail.

Byrd Farmer, of Dothan, member from the Third district, is said to be considering making the race against Mr. Patterson. E. W. Pettus, of Selma, has been asked by friends to get in the campaign but has made no announcement. Mr. Patterson is a strong prohibitionist and led the fight for the committee's endorsement of the federal suffrage amendment, while Mr. Pettus is said to be opposed to him on many of the national issues.

Daniels Figures The Peace Pact as Already Ratified

(International News Service.)
WASHINGTON, Oct. 7.—Secretary Daniels in preparing estimates for the navy department during the next year, is proceeding on the assumption that the peace treaty will be ratified, he announced today.

COUNCIL PLANNING SEWER LATERAL

At the regular meeting of the Albany city council tonight it is expected an ordinance, which already has been prepared, will be introduced providing for the construction of a new sanitary sewer lateral from near Moulton street, southward on First avenue to Second street. The lateral would serve several new business houses on upper Second avenue and the Albany silk mill. The cost of the work, according to the engineer's estimate, would be \$6,082.12.

LIMESTONE FARMS BRING HIGH PRICE

Two farms, owned by R. H. Walker, of Athens and situated in Limestone county, were sold at public auction yesterday by Col. J. E. T. Bowden, who will auction a section of the Wilder place near here October 16. One of the farms was near Belk Mina and brought \$200 an acre. The other was near Greenbrier and brought \$140 an acre.

The farms were sold in small tracts and the prices, which indicate the rapid increase in the value of farm lands in North Alabama. Only a few years ago a price of \$200 an acre for Alabama farm lands was unheard of. It is predicted that it will not be many more years until Alabama farms will be sold for \$500 an acre.

SECRETARY INTERIOR IS CHOSEN CHAIRMAN WILSON CONFERENCE AT WASHINGTON

Permanent Organization is Affected at The Session This Morning

PLUM PLAN MAY BE BROUGHT UP SOON

Railroad Men Expected to Sponsor Scheme For Nationalization

WASHINGTON, Oct. 7.—Speaking today before the industrial conference of which he had been elected permanent chairman, Secretary of the Interior Lane declared that capital, labor and the public have come to Washington to draft "a declaration of dependence, not a declaration of independence."

(International News Service.)
WASHINGTON, Oct. 7.—Secretary of the Interior Lane was elected unanimously the permanent chairman of President Wilson's industrial conference here today.

Secretary Lane deplored the fact that President Wilson's illness prevented him from appearing in person before the conference, but intimated that the President is so well upon the road to recovery that he may yet be a factor in the conference.

"I look upon this conference as the greatest extra-legal assemblage ever gotten together in this country. There are some who have doubted its success. Gentlemen, it cannot fail. The spirit of this conference is its need. We shall draft here a declaration of dependence, not a declaration of independence. We shall prove here that men do live in each other's breasts. There is but one over-lord in this country. It is neither capital nor labor. It is the people of the United States. This conference is one of construction. This world is a torn up world, and this is the first forward step taken by the United States towards the establishment of a council of national progress, instead of a council of national defense."

Two permanent secretaries also were elected. They were Joseph J. Cotter, administrative assistant to Secretary Lane, and former representative Lathrop Brown, of New York, now special assistant to the secretary of the interior.

Secretary Lane, in taking the chair, expressed the belief that President Wilson might yet be able to take part in the conference.

UNDER ONE ROOF

(International News Service.)
WASHINGTON, Oct. 7.—Labor, capital and the public got under the same roof here today to endeavor to find a national platform upon which all may stand in amicable relationship.

It was the first time that the public had ever been represented in the battles waged by capital and labor. The representative of the railroad brotherhoods are expected to make the Plum plan an issue at this conference. So far, Samuel Gompers has refrained from expressing himself publicly on this plan.

WILSON'S GIFTS

WHILE ABROAD

Although President Wilson is "a
very sick man," he is not too ill to
take notice of the slurs of republic-
ans, who in their fight against him
and the things for which he stands,
have overlooked nothing that they
thought of value as political capi-
tal. In a statement given to the
press today by Secretary Tumulty,
"at the express direction of Presi-
dent and Mrs. Wilson," Congress is
enlightened as to the nature and
value of the gifts received by them
while abroad. These little tokens of
esteem, with a trifling monetary
value, had been appraised in cloak
room gossip at half a million dollars.
Naturally, the dignified senators of
republican persuasion were somewhat
chagrined at the very thought that
a democratic executive had gotten away
with such valuable loot. It would
have been a reflection upon their own
grasping propensities to have allow-
ed Mr. Wilson to hog the swag.

HAZING.

There is not much less reprehensi-
bility about hazing than lynching. It
is a species of college brutalities that
should be settled once for all time—
in the negative. The news dispatches
state that Colgate, a big Eastern uni-
versity, has just suffered a fatality in
its student body due to this brutal
form of pastime indulged by its upper
classmen. The entire personnel of
the party participating in the affair
ought to be indicted and tried for
murder.

It seems that this victim was taken
to an island in a nearby stream and
left to swim or get ashore as best he
might. In attempting to swim out,
he was drowned. The life of one of
their fellows was thus the price for
an evening of frolic for a band of
young ruffians.

In the present state of tension and
ferment, society has a right to ex-
pect better things of its colleges. If
sanity is not propagated from our
schools, where shall we expect to find
it? It seems that there will never be
a more propitious occasion than right
now for stamping out the barbaric
practice of hazing. College execu-
tives ought to let the student body—
and the public—hear from them in no
uncertain terms.—Chattanooga News.

PRISON SENTENCES FOR
RECKLESS HAZERS

The practice of hazing, always a
dangerous one, has been consider-
ably discouraged by the action of a
Virginia court in giving three stu-
dents of Virginia Polytechnic Insti-
tute guilty of the offense prison sen-
tences ranging from thirty days to
one year. This is probably the first
instance where such extreme penalti-
es have been meted out, although it
may not be the last. The precedent
is one that should have been estab-
lished long ago, for so firmly en-
trenched is this barbarous and bru-
talizing custom that it cannot be
easily eradicated. Young men in
search of knowledge should be pro-
tected from rowdies. Students should
be allowed to live in that same peace-
ful seclusion granted by law to others.
Just why the freshman should be hu-
miliated, insulted, degraded and often
injured bodily is one of the great
mysteries of the day. The connection
between education and rough-
housing is very remote.

Opponents of the street paving
program have the consolation of
knowing that if they choose they can
move to the country and get all the
mud they like without cost.

Sheffield found out that opportu-
nity prefers paved streets.

Hurt by Autos in New York.
Approximately 25,000 persons were
injured by automobiles and motor
trucks in the streets of Greater New
York during 1917.

JUST IN PASSING

PLAYED GREAT BALL

"From the way Cincinnati played
the opening game of the world's se-
ries it is surprising that the White
Sox won a contest," said Thomas A.
Bowles, cashier of the Central Na-
tional bank, who witnessed the ini-
tial encounter. "The Reds simply
played rings around their American
league rivals. Chicago never had a
chance in the first game. The Cin-
cinnati bugs certainly are wild about
Pat Moran and his team of Reds."

STOP THIEF

A comical melo-drama produced
several years ago and entitled "Stop
Thief," had nothing on an experience
of E. D. Whitman, prominent insur-
ance dealer a few night ago. Mr.
Whitman was awakened in the early
hours by the opening of what he
thought was his garage door and the
startling of what he thought was his
car. He leaped from his bed and
grabbed a revolver of a dimension
known as .44, but in his hurry failed
to grab additional clothing of any
dimension and hurried to his back
door. The car started away and he
hurried to the front door and out on
the street. He wotted not of the
rough pavement upon which his bare
feet beat, until he saw that it wasn't
his car at all, but that of a neighbor
off early for Birmingham.

CLUB ELECTS OFFICERS

Dr. H. L. Turner and Joseph Spitz,
the former a well known divine, and
the latter a well-known merchant,
and both of whom are exceedingly
popular and actively identified with
all movements looking to the upbuild-
ing of the Sheffield community, have
been elected as vice presidents of the
Sheffield-Muscle Shoals club, the live-
wire business men's organization of
Sheffield. The election of Dr. Turner
and Mr. Spitz followed the resigna-
tion of O. E. Way as vice-president
of the club, which was tendered by
him because of his residence in an-
other city, thereby making it impos-
sible for him to be actively identi-
fied with the work of the club.—Age
Herald.

WANT NEW HIGHWAY

"The new Muscle Shoals highway,
through the heart of the Tennessee
valley from Decatur to Sheffield is
being ardently sought by Sheffield
business men," said Henry Hartung,
who has just returned from a visit to
the Tri-Cities. "I attended a meet-
ing of the Sheffield-Muscle Shoals
club last night and found enthusiasm
for the road at high pitch. It would
mean much to the improvement of
the valley."

NORTH ALABAMA BEST

"North Alabama has the edge on

to be very little cotton or corn."

cated as ours are to be living sepa-
rate and fighting each other instead
of all pulling together.

"I am strictly for consolidation and
I do not think the people will be for-
gotten who did everything in their
power to keep us from having the
right to vote on consolidation.

Tried to Prevent Vote

"I do not see how they can have the
face to come before the people and
ask for their votes when they did
everything they could to keep a vote
from being taken. I am told that
in all probability, the anti's will seek
by injunction, or some technicality,
to defeat consolidation when it
carries, but their efforts in the long
run will be in vain, for the people
are sick and tired of their will being
defeated by designing politicians who
know how to juggle the law.

"As I said, I work for the Decatur
Cornice and Roofing Company, and
that company does not in any way
seek to influence my views on con-
solidation or any other public ques-
tion, and I think if all the working
people vote free of any influence
from their employers they will roll
up a large majority for consolida-
tion. I know the working people in
both towns. We have as true and
loyal workers in Decatur as we have
in Albany, and I feel sure that any ef-
fort to prejudice one town against the
other will fail among the working
people."

Filipino Proverbs.

There is a certain dignity in many
of the proverbs native to the Philip-
pine islands. "A hero is braver for his
wounds," the Filipinos say. "The
quality of gold is known by rubbing it
against a stone." "He who despises
counsel is on the way to misfortune."
"Whoever believes everything that is
said has no mind of his own." In
some there is gentle humor. "A sleep-
ing shrimp is carried away by the cur-
rent." "A fish is caught by the
mouth." "If you sleep, brother, the
crocodile will eat you up."

THOUGHT

Merely a Suggestion.
The eagle's a majestic bird
And soars to dizzy heights,
Nor heeds the toiling world below
In his empyrean flights.

But when we choose the eagle for
Our country's coin and seal
Two bits would buy most anywhere
A fairly decent meal.

Still up and ever upward has
The cost of living flown
And bills of every household have
Numerically grown.

And so to be our nation's bird—
Our glorious post to fill—
I nominate the pelican
Because he's mostly bill.
—Alan C. Madden in Good Morning.

Mrs. Sarah Malone is expected to return this week from points in New Mexico, where she has been the guest of relatives.

DODSON TELLS THE HORROR OF CALOMEL

You Don't Need to Sicken, Gripe, or Salivate Yourself to Start Liver.

You're bilious, sluggish, constipated. You feel headachy, your stomach may be sour, your breath bad, your skin sallow and you believe you need vile, dangerous calomel to start liver and bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling splendid. It is perfectly harmless, so give it to your children any time. It can't salivate—Advertisement.

MORE MILEAGE WILL BE ADDED to your tires if you have 'em repaired by us at small expense. Many a tire is thrown into the scrap heap that would carry you many hundreds of miles further if you spent a trifling sum with us in having it repaired and restored to usefulness. STELLA-VITAE FOR WOMAN'S ILLS

For two generations the suffering women of America, particularly of the South—have found relief from "women's ills" through the famous prescription of a famous old Southern doctor—STELLA-VITAE.

Women know when they need a remedy for weakness and misery in body and mind. Mothers know that their young daughters, at the critical age, need a harmless regulator and a wholesome tonic.

STELLA-VITAE supplies this need. Sold by your druggist.

"I can cheerfully recommend your STELLA-VITAE. Before I used it I suffered with painful periods, severe backache and pains across my abdomen. I decided to try your STELLA-VITAE, and now all the pains and aches have disappeared, and I no longer fear my monthly periods."

Loves Her Cows and Chickens Again

"I have had stomach trouble for twenty years and for the past year have eaten nothing but stale bread and drank hot water. Was too weak to do any kind of work. Six weeks ago I took the first dose of Mayr's Wonderful Remedy and am now doing all my housework besides looking after my chickens and milking two cows every day. Mine has been a wonderful recovery." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. S. M. Thompson in Albany and Owl Drug Company in Decatur and druggists everywhere.—Advertisement.

TO THE CITY COUNCIL OF ALBANY, ALABAMA, HAVE PITY ON OPPRESSED PEOPLE

We, the undersigned property owners of Fourth avenue, Albany, Alabama, implore you not to imperil or confiscate our homes by the exercise of autocratic powers in imposing upon us tyrannical street paving assessments. Home owning is the only barrier between this country and Bolshevism. Many of us are still struggling under the weight of old unpaid assessments. Some homes that you are going to tax out of existence won't sell for enough to pay the assessments now on them, and the others that you propose to put on them. Some of us have to meet installments on mortgages and on purchase money, and we simply cannot meet them and new assessments too. Our government is practically bankrupt. We have made sacrifice after sacrifice in Liberty Bond campaigns, and in all sorts of benevolent drives. Now we are faced by the specter of hordes of the unemployed. We shall not be forced to fight to the last through the courts. With many it is simply a desperate struggle for existence. There is no outlet to this street at the north end without thousands of dollars of expense to the town. One third of this street unimproved property.

DAUGHTER HAD TO QUIT WORK MOTHER SAYS

INACTIVITY WOULD HAVE LASTED LONGER, HAD NOT TRUTONA BROUGHT AID.

LOUISVILLE, Ky., Oct. 6.—Because it has relieved her daughter of troubles which kept her from her work for five long months, Mrs. Josephine Brown, a well known Louisville woman of 721 Washington street recently made the following interesting statement regarding Trutona, the perfect tonic:

"My daughter had been suffering with stomach trouble and nervousness for several months. In fact, the trouble became so severe that she couldn't work for five months. It seemed that everything she ate would sour in her stomach, causing gas formations and a bloated feeling. The gas seemed to form around her heart, causing her much pain.

"My daughter's nerves were so unstrung that she could hardly sleep at night and she would get up in the mornings almost as tired as when she went to bed. But Trutona has steadied her nerves and she's at last able to rest well at night. This medicine has relieved her of the indigestion, too, and her bowels are regular now. We think Trutona is a great medicine."

Trutona is now being introduced and explained in Decatur by Decatur Drug Co., and in Albany by Preet-Dillehay Drug Co.—Advertisement.

FARMERS SERVICE BEING ORGANIZED

AUBURN, Albany, Oct. 7 (Special).—Representatives of the Alabama Extension Service report a very general response to the work of organizing, among the farmers, co-operative marketing associations. The initial organization usually in a county is for the marketing of hogs, and has in past proven most successful, but cattle, peanuts, velvet beans, fruits, truck and garden products also lend themselves readily to the system of cooperative marketing.

Down in Houston county, J. H. Witherington, the farm demonstration agent, reports that the Ashford Cooperative Marketing Association has just been organized in that town that a site for the hog pens has been selected and that scales and lumber have been ordered for their construction. L. Radney has been elected sales manager, and a selection has been made of a man for weigher and two men to be instructed in the matter of grading. Their first sale of hogs will be on October 8. Over at Cottonwood in this same county a hog marketing association has likewise been organized and pens and scales will be constructed immediately. J. W. Marshall was elected president.

In Escambia county the fruit and truck growers near Atmore are contemplating the organization of cooperative associations for shipping their products. H. H. Williamson, the farm demonstration agent, is assisting in the matter.

In Mobile county, W. C. Vail, farm demonstration agent, reports that cooperative shippers' associations will probably be organized this week in Citronelle and Mobile.

In Geneva county, the Hartford Hog Growers' and Marketing Association has a combination sale of registered pigs for breeding and of porkers for the market. Thirty-nine registered pigs sold for about \$1,000 net, and the carload of porkers brought 14½ cents. R. L. King, farm demonstration agent, states that these combination sales will be made a permanent feature of future marketing operations in this county.

Henry county reports, through W. F. Murphy, the farm demonstration agent, that the Swine Producers' Association has recently sold two carloads of hogs at 15 cents per pound, and has adopted the newly published grades controlling purchase of hogs.

WILL MARK FIFTH CAPITAL OF STATE

MONTGOMERY, Oct. 7. (Special).—Alabama's fifth seat of government, at Tuscaloosa, will be marked with imposing ceremonies under the direction of a committee of which Sam F. Clabaugh is to be the chairman, and with the assistance of Col. Thomas C. McCorvey, who is a member of the Alabama Centennial Commission.

The Central Female College occupies the building which was the center of state government for about twenty years, until the capitol at Montgomery was completed in December, 1847, and it is proposed that the historic facts in regard to Tuscaloosa as a capital city be recorded on a tablet of bronze to be placed in the building, or on a boulder of Alabama marble to be given a prominent place upon the premises, within easy view of the street.

Tuscaloosa's centennial was celebrated with an elaborate pageant in 1916, and the people of that city have always shown a deep interest in state and local history. It is proposed that the state celebration and the marking of the Tuscaloosa capitol site shall take place at some time during the state's centennial year, the date to be agreed upon by the local committee and the Alabama Centennial Commission.

Should the several sites of colonial, territorial and state capitols be marked in chronological order Mobile, colonial capitol would be the first, St. Stephens the second, Huntsville the third, Cahaba the fourth, Tuscaloosa the fifth and Montgomery the last.

State Auditor H. F. Lee and Dr. Thomas M. Owen are the members of the centennial commission having directly in charge the marking of historic spots and it is stated that plans for the placing of tablets at the several capitol sites are well under way. Mr. Clabaugh, who has consented to head the government at Tuscaloosa, was formerly postmaster of that city and is now assistant to the president of the City National Bank.

Prof. W. O. What is the Spell

The Car Men Say Combines Small Car Economy
With Costly Car Quality, at Moderate Price

Of the Essex?

There is an enchantment about the Essex that intimacy does not dispel.

For instance, many who ride in it only a few times, afterwards describe it as "a large, high-priced car."

Of course this description is not true. Yet it is made in good faith. That is the distinct impression registered by the ride.

It is interesting that such an impression persists about a car so widely known and discussed. For fully half a million now intimately know the Essex. And more than 12,000 are in service.

Its Charm Is Contagious

Frequently owners of Essex cars speak of this feeling of riding in a big car. One writes:

"I know the Essex is not a big car. But I can't make myself believe it. Plenty of leg room, spaciousness, solidness, and riding ease as smooth as a swallow's flight, undoubtedly produce this feeling. I call it the spell of the Essex."

From the first, you have noticed how men always compare Essex quality and performance with that of large, costly cars. It is not associated in their minds with small cars.

Yet they appreciate its small car advantage too. Its economy, steering ease and agility in threading traffic are saluted by every owner.

Also, it is because the Essex is small that such quality is possible at a moderate price.

A Ride Reveals Essex Quality

Perhaps you have ridden in the Essex. If so you know its appeal. And you understand the pride owners manifest.

They regard it with real affection, the confidence men reserve for merit.

More than a car of unusual qualities, it is a companion. In action it seems a part of the driver, responsive to every mood. Loitering along at two or three miles an hour, or facing long, fast tours cross-country, the driver of an Essex is always reliant, always confident of his destination.

Few care to extend the Essex to top speed. But it is good to know that speed without limit is underfoot if wanted.

Moreover, Essex power means acceleration. It gives Essex right of way everywhere.

Big Car Performance Small Car Economy

Women say its appearance captivates. Its spirited lines, color and performance are smartly distinctive, among motor modes. The Essex Sedan has won special favor with the growing numbers who prefer a closed car.

In the Essex, men say, are met the fine qualities of performance that distinguish the best of high-priced cars, with the economy of cost and operation that is an exclusive light car advantage.

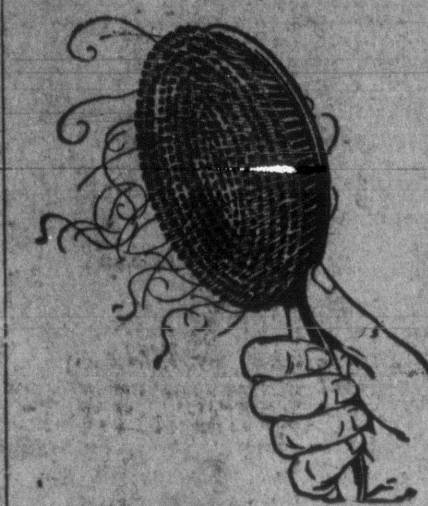

When you know the Essex you will want one. Its popularity indicates a continued shortage. Don't suffer disappointment by delay in placing your order.

WEEK'S WEATHER FAVORS FARMERS

(International News Service.)
MONTGOMERY, Oct. 4.—F. W. Gist, Field Agent of the Bureau of Crop Estimates, U. S. Department of Agriculture, issues the following comments on the weather of the past week as it has affected crop conditions in Alabama:

Only scattered showers fell on one day during the past week, which were not heavy enough to aggregate an average of one-tenth of an inch over the state. Temperatures were seasonal until the last three days, which were usually warm. The weather was perfect for harvesting, and, as practically all crops are matured, very little effect was felt on any of them. The exception was pastures, which with constant grazing and little mois-

STATE S. S. DRIVE TO BE LAUNCHED

A state-wide campaign of Sunday School Evangelism has been organized by the Alabama Sunday School Association and a special secretary employed to assist in directing it.

The campaign is under the direction of a committee on Evangelism, of which D. H. Marberry, former Superintendent Southside Baptist Sunday School, Birmingham, Ala., is chairman, and Rev. Bob Jones of Montgomery, the famous Methodist Evangelist is director.

County Chairmen for the campaign are being appointed in every County of the State. These in turn will appoint District Chairmen.

A series of County Institutes on Sunday School Evangelism will be held during November and December. Conferences will then be held in each District and with the workers of each individual Sunday School.

The campaign will lead up to a state-wide Sunday school Decision Day, March 28th, 1920. All denominations are taking part in the movement.

ture, are fast being exhausted.

Government report on cotton on the 2nd fixed the acreage to be finally picked in Alabama at 2,850,000, following and estimated abandonment of about 5 per cent since June 25.

The business of harvesting crops continues to the exclusion of all other activity. Labor is reported to be sufficient for present purposes.

TRACK INSPECTOR NOW FEELS LIKE BOY OF TWENTY

His Stomach Was So Sore He Couldn't Fasten His Vest—Feet Were Numb and He Had Headaches.

Mr. Samuel B. Davis, a track inspector for the Scotch Lumber Company, Clark County, Alabama, says: "Before I began taking Sulfero-Sol I was what you might call a physical wreck. Now I feel like a boy of twenty. When I commenced taking this wonderful remedy I had been in a jaded condition for a long time. My health was run down, my stomach was in a bad shape and I could not digest my food. My stomach was so sore I could hardly button my vest. My feet and legs were numb most of the time. I would wake up with cramps at night and I was continually troubled with headaches. My feet and hands would break out with scaly blisters. Since I began taking Sulfero-Sol these troubles have been entirely stopped and I feel like a boy of twenty, although I am more than twice that age. I think it is a miracle the way it has built up my health and relieved my pains and suffering."

Sulfero-Sol relieves diseases of the stomach and digestive system. Dyspepsia and indigestion respond to it. It produces astounding results in cases of Rheumatism, Uric acid poisoning, Eczema and other diseases of the skin, blood and nerves.

If you are afflicted with any of these troubles you should get a bottle of Sulfero-Sol from your druggist at once.

\$1.00 per bottle; 6 bottles for \$5.00. Sulfero-Sol Co., Montgomery, Ala.

I put in 40 years as a practical druggist (now in my 47th year) and compounder of prescriptions before I put Number 40 For The Blood on the market and at this late date in life I did not believe was equal or superior to any other. I have observed the effect of Number 40 in thousands of cases and use it universally in my own family for blood poisoning in any form. For constipation, biliousness, stomach and liver troubles. For chronic rheumatism, catarrh, eczema and all skin troubles. There is more Number 40 sold and used in this vicinity than all other blood medicines combined. J. C. Mendenhall, Evansville, Ind.
